

# SKY4.0

*"Strengthening the human capital of aeronautical companies to meet the challenges of Industry 4.0 transformation"*

[Website](#)

Sky4.0 aims to help **Aeronautical companies** from different European countries to meet the challenges of **Industry 4.0** by improving the **soft skills** of their **human resources**. This will be achieved through **building curricula and training modules** around specific sets of soft skills development, namely **Character-Building Skills, Social Competencies and Personal Development skills**, which will empower the aviation current and future employee to thrive in this ever-growing Industry 4.0 revolution.
